German	English	Description / Information
Unternehmen	Company	
Projekt	Project	A public or restricted tender featured on the "Vergabemarktplatz"
Projektraum	Project space	The so called 'virtual' project space is a closed and secured space where tenders are handled. It serves as a communication and transaction platform for both the public authority and the participating companies. This includes the possibility to download tender files, communicate with the tendering authority and submitting electronic offers (if applicable).
Projektübersicht / Projektliste	Project overview / Project lists	Provides an overview of all projects the company participates in. They are sorted by status (e.g. "Freigeschaltet", "Einladung" etc.) Users can open their accessible project spaces from here.
Benutzer	User	The "Vergabemarktplatz" differentiates between two types of users: • "Benutzer <i>ohne</i> Administratorrechte" (Users without administrative rights): These users can search for and participate in projects. • "Benutzer <i>mit</i> Administrationsrechten" (Users with administrative rights): In addition to searching for and participating in projects, these users can also add further users to the company account as well as edit the company's account data.
Aktion	Action	Corresponds to elements that cause actions such as opening a project space or archiving a project. Actions are usually available in the action column ("Aktion").
Modul	Module / section	Corresponds to a menu item in the "Vergabemarktplatz" or the "Bietertool".
Bekanntmachung	Publication	Public tenders, as well as planned and awarded tenders.
